

## **RPM ACADEMY LLC**

Rider Safety-Personal Growth-Management Skills

---

### **IMPORTANT ANNOUNCEMENT**

April 20, 2023

RPM Academy LLC is pleased to announce that, following communication with Eagle Wings Motorcycle Association (EWMA) CEO Anita Alkire, the decision was made that all EWMA Members, including Instructors certified through GWRRA, are welcome to participate with RPM Academy in all that the Academy offers.

It was also determined that RPM Academy will not be permitted to play a role as a provider at any official EWMA Chapter, District, Region, or National level event.

Ms. Alkire further stated that none of the original GWRRA curriculum content for the former University and Rider Education programs will be used by EWMA in any way, manner, or form. RPM was assured that EWMA is currently creating new and unique content relevant to their Association's message of safety.

RPM Academy is encouraged that Ms. Alkire acknowledgement of RPM Academy will lead EWMA Members and Instructors who do want to participate, in the RPM classroom and on the range, to do so.

It is important to reiterate that the Academy's courses and classes have been and will continue to be available to everyone including EWMA Members, all other groups, and independents. Furthermore, the GWRRA Levels Program, now known as the Legacy Levels, remains active for any person still interested in beginning or continuing their involvement.

We would like to thank Ms. Alkire for recognizing every EWMA's Members' right to personal choice.
